BY BECOMING A MEMBER OF LCV'S
CLIMATE VICTORY COUNCIL.

With the help of our dedicated funding partners, LCV is working on many fronts to address the climate crisis. We need more leaders in Congress on this issue to fundamentally transform the politics of climate change and bring about solutions.

To help embolden more decision-makers to take action, LCV has assembled a coordinated team of savvy, lead donors to become more powerful advocates for addressing climate change. As a member of LCV's Climate Victory Council, you will join a select group of LCV's lead funding partners with the vision, commitment, and clout to make their voices heard on this issue.

Members of the Climate Victory Council will play a crucial role in the environmental movement by advocating for strong policies to address climate change. They will help develop and execute strategies to win on climate change and help shape environmental policy for generations to come.
