LEAGUE OF CONSERVATION VOTERS

SUPPORTS
**JOHN KERRY
FOR PRESIDENT**

JOHN KERRY'S
ENVIRONMENTAL RECORD
HAS EARNED HIM A 92%
SCORE FROM THE LEAGUE
OF CONSERVATION
VOTERS

The League of Conservation Voters is a national, non-partisan environmental group. LCV publishes the voting records of Congress on clean air, clean water, protection of natural lands and other important environmental issues. This year, LCV is working to elect a president who will protect our environment and the health and safety of our families.

To volunteer, contribute or receive more information, please contact us at 202-785-8683.

HE
WON'T BE
IN THE POCKET
OF BIG OIL

JOHN KERRY WILL DECREASE OUR DEPENDENCE ON FOREIGN OIL — AND MAKE AMERICA SAFER

With America's national security at stake — we need a president who will put our interests ahead of the interests of Big Oil.

THE KERRY ENERGY PLAN — LESS FOREIGN OIL

1. RENEWABLE ENERGY:

Kerry will increase funding for research into clean, renewable, domestic energy sources — like wind, solar and hydrogen.¹

2. INCREASE MILES PER GALLON:

Kerry will put American innovation and technology to work to raise the miles per gallon of our cars and trucks.²

3. ENERGY EFFICIENCY: Kerry will offer tax credits for fuel-efficient cars and other incentives for more energy efficient buildings and homes.³

The Kerry Energy Plan is a win-win-win deal that makes our nation more secure by reducing our reliance on foreign oil, improves the quality of the air our families breathe and creates 500,000 jobs through innovations in new technology.⁴

The Facts About Bush-Cheney and Big Oil

FACT: President Bush and Vice President Cheney are both oil men: Bush started Arbusto Energy; Cheney was the CEO of Halliburton.⁵

FACT: The Bush/Cheney campaign has taken \$3.6 million in campaign cash from oil and gas executives.⁶

FACT: The Bush Administration has handed billions of dollars in corporate tax breaks to the oil industry while gas prices and profits have hit record highs.⁷

FACT: Halliburton has received nearly \$18 billion in contracts to rebuild Iraq — \$7 billion from no-bid contracts.⁸
