There's a stain on Congressman Luetkemeyer's record.	
Special interests gave him over twenty-eight thousand in campaign cash.	<b>Luetkemeyer has received \$28,300 from the Energy/Natural Resources industry</b> [OpenSecrets.org, Accessed 11/4/2009]
And when it came time to vote for the American Clean Energy and Security Act, he voted "no"	<b>Luetkemeyer voted "No" on the American Clean Energy and Security Act.</b> [Roll call vote 477, on passage of H.R. 2454, The American Clean Energy and Security Act]
No to 1.9 million new jobs. No to less carbon pollution. And no to more energy independence for America.	<p><b>American Clean Energy and Security Act would help create 1.9 million new jobs.</b> The study <i>Clean Energy &amp; Climate Policy for U.S. Growth and Job Creation: An Economic Assessment of the American Clean Energy &amp; Security Act and the Clean Energy Jobs &amp; American Power Act</i> estimates that as many as 1.9 million new jobs could be created across the United States within renewable energy, annual household income could increase by US\$1,175 per year, and Gross Domestic Product could increase US\$111 billion by 2020. Congressman Luetkemeyer – you're supposed to stand up to big oil, not turn your back on Missouri. Clean up your act.
