But it is primarily through continued innovation that living standards here and elsewhere are able to improve and thus to keep the good times rolling.” [Brookings Institute, 12/1/01]</p> <p>FEE: “Technology Has Long Been A ‘Great-Job Creating Machine.’” “Both history and available data show that far from making working humans obsolete, technology has long been a ‘great job-creating machine.’” [FEE, 9/10/19]</p>
<p>Rep. Horsford</p> <p>THANK YOU REP. Horsford</p> <p>Clean energy examples</p> <p>CLEAN ENERGY TECHNOLOGIES</p> <p>Clean energy examples</p> <p>CLEAN ENERGY ECONOMY</p>	<p>Congressman Horsford is fighting for major investments in clean energy technologies.</p> <p>Powering our transition to a clean energy economy.</p>	<p>Horsford: “The Build Back Better Budget Present[s] A Generational Opportunity.” “Nevada’s strength has always been rooted in working people. As we celebrate Labor Day, the best way to honor workers is to fight for the fairer, stronger economy they deserve,’ said Congressman Steven Horsford. ‘The Bipartisan Infrastructure Deal and the Build Back Better Budget present a generational opportunity to create millions of good-paying union jobs, lower the cost of living, and create a stronger future for families, seniors, and small businesses. Now is the time to get these plans through Congress and deliver For The People.’” [Rep. Steven Horsford (D-NV), 9/6/21]</p> <p>Horsford: “Investments In Renewable Energy Will Create Thousands Of Jobs.” “Investments in renewable energy will create thousands of jobs</p>

		<p>throughout Nevada and lead us towards a more secure future.” [Twitter, @RepHorsford, 5/18/21]</p> <p>Sec. Granholm Op-ed: “The Build Back Better Agenda” Will “Put Our Nation On Track To Build A Clean Energy Economy.” “As UN Secretary-General António Guterres has said, this is a code red for humanity. But luckily, the Biden administration has a plan to respond: the Build Back Better Agenda, which will make essential crucial investments to protect our infrastructure against climate impacts, and put our nation on track to build a clean energy economy.” [CNN, 9/17/21]</p>
<p>Climate disasters CLIMATE CHANGE</p>	<p>Putting people to work in good paying jobs tackling climate change.</p>	<p>CNN: “The Lynchpin Climate Policy Of Congressional Democrats’ \$3.5 Trillion Budget Reconciliation Bill Would Spur Massive Job Growth.” “The lynchpin climate policy of congressional Democrats’ \$3.5 trillion budget reconciliation bill would spur massive job growth over the next decade, a new analysis finds. A report from independent firm Analysis Group, shared exclusively with CNN, finds that if Congress passes a \$150 billion Clean Electricity Payment Program, it would increase the US workforce by 7.7 million new jobs and add nearly \$1 trillion to the economy by 2031. The analysis was commissioned by Evergreen Action and the Natural Resources Defense Council, environmental groups that have advocated for stronger renewable energy policies.” [CNN, 9/9/21]</p> <p>Scientific America: “The Reconciliation Bill Working Its Way Through Congress Could Cut U.S. Greenhouse Gas Emissions By Nearly A</p>

		Gigaton. “The reconciliation bill working its way through Congress could cut U.S. greenhouse gas emissions by nearly a gigaton by 2030, according to a new report.” [<i>Scientific American</i> , 9/15/21]
Tech climbing offshore tower electric vehicles coming off the manufacturing line FUTURE FORWARD	With new industries that drive the future forward	DOE: Clean Energy Is “One Of The Fastest-Growing, Most Innovative Sectors Of Our Economy.” “Finding a new job can be tough. One way to maximize your odds is to look for opportunities in clean energy. It’s one of the fastest-growing, most innovative sectors of our economy.” [Department of Energy, 4/24/17]
