

Senator Toomey,

As fellow leaders from Allentown, we know that you share our commitment to democracy and to the mechanisms that make America work.

Our values demand transparency from our elected officials, secure and accurate elections, and the right of every eligible American to participate in our democracy.

Senate Bill 1, the For the People Act, achieves those goals. It reduces the power of special interests and puts control in the hands of voters. It secures our elections. It helps all of us vote.

The time to act is now – we cannot delay these protections any longer.

**We urge you to support this important bill and to leave a stronger, fairer, more secure American democracy as a proud part of your legacy as our Senator.**

Sincerely,

Shantelle, S J Media Consulting • Sunny Ray Salon
